

***NORTHERN ARIZONA UNIVERSITY
FOOD SERVICE WAIVER POLICY***

Northern Arizona University Campus Dining has an exclusive contract for food service on the Flagstaff campus. Planners of events held on campus where food will be served must contract with NAU Campus Dining to provide the food.

Events include, but are not limited to:

- catered events
 - residence hall activities
 - club activities
 - brunches
 - buffets
 - refreshments and breaks
- conferences, etc.

NAU Campus Dining recognizes that there are some circumstances where using their services is not cost effective. Therefore, we have adopted the following policies that allow student clubs and organizations and university departments to request a food service waiver of this requirement for the event.

Waivers will NOT be granted for events where the food to be served is prepared at home or needs to maintain a certain temperature (i.e., food that must be kept hot or cold to prevent spoilage).

Waivers for food service will be granted:

- if the food to be served is pre-packaged and sealed,
 - if there is no charge to attend the event, and
- if the food will not be sold to participants.

If your event does not meet criteria for a waiver, please contact NAU Catering Services at 523-4381 to discuss and schedule your event.

If your event meets the above criteria for a waiver, please complete the attached Food Waiver Form.

Requests for food service waivers must be submitted **FIVE (5)** business days prior to the event.

The above policy is to ensure that those persons attending the event are protected from illness caused by improperly prepared or stored food and that the university, NAU Campus Dining, and the entity sponsoring the event are protected against liability.
