

Internship: David Edwards Photography

Applicant will:

- **be familiar with Photoshop CS3 and Bridge CS3**
- **proficiently scan slides, dust digital files for imperfections and color correct digital files**
- **have knowledge of digital workflows, which includes key wording of new images, archiving images and filing images**
- **re-size images for the jpeg archives and preparation for stock submissions**
- **assist in the submission and follow through of digital images to stock agencies**
- **help with the organization and labeling process of slides**
- **be punctual, consistent and committed to tasks at hand**

In addition to these main responsibilities the intern may also be asked to assist in photography shoots, help prepare slideshows and improve our website for the

marketing of our business.

This internship will provide beneficial exposure to the aesthetics of photography and help the intern understand the intimate workings of a small, freelance business, including thoughtful workflow, marketing management, design and editing. It should be noted that there would be no payment or compensation for this position.

Interested persons can send a resume and letter of availability via email to:
