Course (Please circle one) MAT119 MAT125 MAT136 STA270

Preferred Exam Date (Please check one)

_____ Saturday of Welcome Weekend, 12:00 noon-3:00 PM
_____ Tuesday of the 2nd week of classes, 12:00 Noon-3:00 PM
_____ Thursday of the 9th week of classes, 12:00 Noon-3:00 PM

Regulations
1. Credit cannot be earned by Challenge Examination if a student is within 15 credit hours of graduation.
2. University policy imposes limits on the number of credit hours a student may earn by Challenge or other Special Examinations. (See the Undergraduate Catalogue for details.)
3. Credit by Challenge Examination may not be earned for a course in which a student has previously received a grade. Students may not earn credit by Challenge Examination for a course in which they are currently enrolled, unless the Challenge Exam is completed prior to the eighth day of instruction (which corresponds to the Deadline to Add a Course Without a Petition).
4. Credit by Challenge Examination may not be earned for a course which is equivalent to, more elementary than, or substantially overlaps another course in which a student is currently enrolled or for which a student has already obtained credit.
5. A particular Challenge Examination may not be repeated within a year of the first attempt. Under no circumstances will a student be permitted to take a Challenge Examination for the same course more than twice.
6. Credit earned by Challenge Examination is recorded as a “P” and becomes part of the student’s academic record. Only students who have been admitted to NAU who are active during the term in which they take the Challenge Exam are able to earn credit. Post-Baccalaureate students are not able to earn credit via Challenge Exam.

I have read, understood, and will follow the regulations governing the Challenge Examination.

Signature __________________________ Date __________________

Return this completed application form together with a check or money order (payable to Northern Arizona University) to the office of the Department of Mathematics and Statistics at least one day in advance of the examination. The examination fee is $30 per credit hour. (For example, the examination fee is $90 for a 3 credit course.) Under no circumstances will students be permitted to take the examination unless the completed application and exam fee have been received.

Report to the place of examination at least 10 minutes before the scheduled time for exam instructions and verification of identification.
