The degree plan used by the student must be the one in effect at the time the student entered the specific minor program, or later version, regardless of when the student entered NAU.

The minor program in Mathematics for the Bachelor of Science degree consists of 22-24 semester hours of courses as listed below. The program is to be planned under the guidance and with the approval of the minor advisor. Students must confer with their assigned minor advisor at least once each term to ensure proper course selection and fulfillment of requirements.
