Attach additional pages if necessary.
ITEM C: Application of EXPLORE to PreECAP & PreECAP to High School Registration

Please indicate:

1. ________ # of students who completed an EXPLORE assessment (as indicated in Item A/B-1 above)
2. ________ # of students from line 1 who also completed a PreECAP
3. ________% Divide line 2 by line 1*

*If at least 80% of the students who completed an EXPLORE assessment and participated in a session(s) on interpreting results, did not also complete a PreECAP, please explain.

Did you observe or experience that the development of PreECAPs with students at your school this year had an impact on the registration of these students for high school? If so, please describe how or in what way. If not, might the PreECAP have an influence next year, and if so, how?

ITEM D: Parent Involvement

Did your school involve parents in interpreting/understanding their student’s EXPLORE results? _______Yes _______No

If yes, please report: _______ # of parents who were provided a verbal explanation/review of their child’s results (whether individually or in groups)

If yes, please describe how this was accomplished, the scope of involvement, how it was beneficial in your opinion, and what you might do differently next year (if anything) to engage parents in supporting their students’ early college and career awareness.

ITEM E: School Level Response based on EXPLORE Data

1. Please describe any changes to curriculum or instruction and/or any staff development undertaken, or planned, based on an analysis of EXPLORE data.

2. Please describe any changes in guidance counseling or at the advisory level undertaken, or planned, as a results of an analysis of EXPLORE data.
