Yuma Partnership: 690 students

- Yuma Union High School District
  - San Luis High Years 3, 4, 5 & 6*

TOTAL: 4,125 students*

* Middle schools continue to benefit/participate in the NAU/ AZ GEAR UP Middle Grade Initiative (MGI) during Years 3, 4, 5, & 6. The MGI component aims to significantly increase the number of low-income 8th graders who enter high school on-track to be college and career ready through three annual activities over a six year period: (1) administration of ACT's EXPLORE assessment to Arizona 8th graders; (2) workshops to train school-designated College and Career Coaches to interpret EXPLORE results with students and their families and to prepare each student’s pre-high school Education and Career Action Plan (ECAP); and (3) professional development for middle grade teachers and administrators to use EXPLORE data to modify curriculum and teaching strategies in order to improve student achievement and school performance.

* High schools participate during Year 1 & 2 in a number of ways, including: planning for transition of the GEAR UP cohort to the high school in Year 3; evaluating professional development needs, including support needed for transitioning to Common Core standards; and working with ADE to facilitate export of district data to the State Longitudinal Data System (SLDS).

* In Years 1 and 2, a total of 3,435 students, in 8 communities, will be served. In Years 3 – 6, with the addition of 690 students at San Luis High School, a total of 4,125 students, in 9 communities, will be served.
