Below is an example of the evaluation instrument that you will complete for your NAU student teacher candidate at midterm and final dates. Please check with the University Supervisor to determine a “best fit” timeframe for completion of each evaluation. Completion and submission of the midterm and final evaluations are required to finalize remuneration for mentoring a candidate.

The evaluation instrument is delivered to your reported email through the NAU Qualtrics Survey System. Upon successful completion, the results will be emailed to your teacher candidate and the University Supervisor. If there is a need to report an “unsatisfactory progress” on behalf of the teacher candidate, the results will also be sent to the Director of the Office of Fieldwork Experiences as an “alerted” situation.

Thank you for taking the time to provide a meaningful, guided evaluation of your teacher candidate’s performance in your classroom noting the impact they have on student learning.
